TEDDY AND WILSON VICTORIOUS IN OHIO

Early Returns Indicate Defeat of Both Ohio Candidates—Later Returns May Change Result.

Columbus, Ohio, May 21.—On the face of the early returns in Ohio's first presidential preference primary today, Col. Theodore Roosevelt led the republican ticket by three to two over President Taft, and Gov. Woodrow Wilson of New Jersey led Gov. Judson Harmon of Ohio on the democratic ticket by about the same percentage. These returns, however, were given on a basis of complete figures from little more than 250 precincts out of a total of 5,192 precincts in the state. President Taft appeared to have carried Cincinnati by a large margin and also Toledo and Dayton among the larger cities. This was more than offset by the vote given Col. Roosevelt in Cleveland, Columbus and other cities. The Roosevelt lead in the north end of the state, it seemed, would give the former president an advantage which Mr. Taft could not overcome by his vote in the south end of the state, including Cincinnati, his home, and the rural districts.

Senator La Follette received a larger vote than state politicians had predicted for him, getting a considerable fraction of the vote cast in the northern end of the state, including Cleveland.

Gov. Wilson, like Con. Roosevelt, was given his biggest vote in the city of Cleveland and the surrounding counties. Gov. Harmon polled a heavy

vote in Columbus, the capital, and also in his home city, Cincinnati.

Harmon's campaign managers, despite the early figures, declared that their candidate had carried the state. They said they based this statement on the heavy vote they expected had been given him in the country districts. Gov. Wilson's chief strength, they said, had been in Cleveland where Mayor Newton D. Baker had waged a strong fight against Harmon. Mayor Baker in a statement declared that Gov. Wilson had carried Ohio by a vote of two to one.

Both Champ Clark and Mr. Bryan, although their names were not on the preference ballot and they were not represented by delegates, were given a scattering vote, which, when final returns have been received, may affect the outcome of the Wilson-Harmon race.

Only on the democratic ticket does the count represent a direct presidential preference vote. On the republican vote the ticket is the number of ballots cast in the precincts counted for delegates to the National convention pledged to Col. Roosevelt or President Taft.

Out of the twenty-one Congressional districts in the state totals computed at a time when fewer than half the precincts were counted indicated that Roosevelt will have twenty of the forty-two district delegates and that Taft will have fourteen, while the returns are so incomplete that eight delegates at present can not be counted by either side.

Canadian Women in Council.

London, Ont., May 22.—Delegates from many points in Canada assembled here today for the opening of the nineteenth annual meeting of the national Council of Women. The meeting will last an entire week and promises to be one of the most successful in the history of the organization. The chief feature of the entertainment program will be a luncheon and reception in honor of her Royal

Highness the Duchess of Connaught, who is the honorary president of the council.

Miss Francis Williams, who lives near town, has received from Ohio a shipment of baby chicks of the Antonio breed, a new variety for this section. She is a very successful chicken raiser and her experience with the new breed will be watched with interest.

MR. VOTER:

NEW JERSEY IS SCENE OF FIERCE BATTLE

Trenton, N. J., May 22.—With the primary elections less than a week away, when the voters of New Jersey will have a chance to express a presidential preference, the campaign is rapidly developing into one of the most vigorous political struggles the state has witnessed in years. Colonel Roosevelt will begin a whirlwind tour of the state tomorrow. Later in the week President Taft will be heard in a number of the principal cities. Senator La Follette also is planning to stump the state. Governor Wilson, on the democratic side, will continue his speech-making until the night before

the primaries, fighting hard for the solid support of his home state.

Those who follow politics confess their inability to predict the outcome of either the republican or the republican contest in New Jersey with any degree of certainty. In the republican ranks the Taft forces and the Roosevelt followers are fighting tooth and nail every inch of the ground. New Jersey is the last of the states having any considerable numerical representation in the national convention to elect delegates and as a consequence the two rival candidates entertain a keen anxiety to score a victory here.

The organization forces are strong for the renomination of President Taft, and have selected former Supreme Court Justice Gilbert Collins, former Governor Franklin Murphy, United States Senator Frank O. Briggs and F. Wayland Ayer, the Camden County leader, as the delegates at large to represent the state in the interest of President Taft.

Prominent men also are to be found in the Roosevelt camp. Among the number are former Governor Fort, who would like to receive a cabinet berth in the event of Roosevelt's election; former Governor Stokes, who aspires to the United States senatorship; former State Senator Everett Colby and Borden Whiting, president of the New Jersey Republican Progressive League.

The recent Roosevelt victories in other states have naturally served to increase the Roosevelt sentiment in New Jersey and there is a feeling that when the Colonel concludes his whirlwind tour of the state he may carry everything before him. On the other hand, there is a belief that the speeches to be made by President Taft during the next few days may turn the tide in his favor in spite of the Roosevelt campaigning. The finish of the race will be given a touch of variety by the appearance of Senator La Follette, though it is not thought that the candidacy of the Wisconsin senator will figure to any extent in the results of the Taft-Roosevelt fight.

On the democratic side there is not so much fireworks being set off, though the regular organization, which is battling against Governor Wilson, is working hard in every section of the state. The anti-Wilson men are confident they will win more

than half of the entire state delegation of twenty-eight, and may elect every man put up against the Wilson candidates, chiefly because the organization of the Wilson adherents is not anything like that of the experienced politicians who are making the fight against the governor in his home state.

The friends of Governor Wilson yet have faith in their ability to send a state delegation favoring him to the Baltimore convention, notwithstanding the setbacks he has been getting in other states.

It appears very probable that the results of the balloting in New Jersey next Tuesday will be as muddled as the situation developed by the recent primary elections in Massachusetts and Maryland. In several of the congressional districts the Roosevelt and La Follette anti-Taft tickets have been supplemented by a third anti-Taft ticket, which will be labeled on the official ballot as "Unpledged." The Roosevelt managers allege that these tickets of "unpledged" candidates are a device of the Taft people to draw votes away from the Roosevelt ticket. The result, as the politicians figure it, may be such a division of the anti-Taft vote among the three tickets as to give the Taft ticket in these congressional districts an easy plurality.

The presence of the name of Frank McDermott on the Anti-Wilson democratic ticket as a candidate for delegate at large is expected, too, to produce confusion that may cost the anti-Wilson movement many votes. McDermott's name on the ticket makes a group of five, while the electors are to choose only four. The situation is precisely the same as that which is said to have invalidated thousands of Taft ballots in the Massachusetts primary election several weeks ago.

To Open Port Bolivar Line.

Austin, Tex., May 22.—Arrangements are being made to place the new Port Bolivar and Iron Ore Railroad in operation at the end of this week. CHURCH CONTROVERSY

BEFORE SUPREME COURT
Oklahoma City, May 22.—The validity of the merger between the Cumberland Presbyterian church and the Presbyterian church in the United States of America was argued Tuesday before the supreme court commission, Division No. 1, in a case from Wagoner in which certain members of the Cumberland church objected to the transfer of the property owned by that church to the Presbyterian church, U. S. A. The case was decided in their favor in the district court and the element which was favorable to the merger appealed.

The while question of the legality of the union is being threshed out in this case and a big stack of religious literature, including the constitutions, confessions of faith and catechisms of both bodies is included in the exhibits.

The attorneys for the Presbyterian church assert that the identical is-

ssues have already been decided in their favor by the courts of last resort in none states, Georgia, Alabama, Mississippi, Texas, Arkansas, California, Illinois and Indiana, and from that standpoint the weight of authority is all in their favor.

The attorneys for the Cumberland organization assert that the merger was not in accordance with the laws governing the two churches and that there were differences in doctrine which would prevent them from joining. The other side contends that even if there were differences, the Cumberland constitution provides that the confession of faith or catechism may be amended by a two-thirds vote of the general assembly, ratified by a majority of the Presbyteries. It is asserted that the votes of the general assembly was 162 to 74, more than the required two-thirds, and that the presbyteries stood 60 to 51 for it.

Going After Ad Fakirs.

Spokane, Wash., May 22.—Fines ranging from \$10 to \$100 or five days' imprisonment or both are the penalties provided in an ordinance submitted by the Spokane Ad Club by H. M. Dunphy, assistant corporation counsel. The measure, which is to be presented to the city council for action the latter part of this month, is designed to eliminate fake advertising schemes in general in Spokane. Under the proposed law it is a misdemeanor to knowingly make or disseminate or cause to be disseminated any untrue statement or assertion of fact concerning the quality, the quantity, the method of manufacture or production of merchandise or professional work, the cost of production, the cost to the advertiser, the present or former price or reason for the price of merchandise of such person, firm, corporation or association, or concerning the manner or source of purchase of such merchandise, or the possession of awards, prizes or distinctions conferred on account of such merchandise, or the motives or purposes of any sale, or any other statements or assertions calculated to mislead the purchaser.

CONVERSIONS AT REVIVAL MEETING

Last night was a great night at the revival at the First Methodist church. Evangelist Law preached one of the most unanswerable sermons of the meeting on "Be Sure Your Sins Will Find You Out" and those who could sit under such a message and not almost quake in their boots must be lost to all powers of goodness. He delineated sin in its race after mankind and how it trailed him over the world like the bloodhounds yet would not be shaken from their path until at last it would overtake the man or woman and wreck them forever and ever. People were heard to say if they will not accept Christ under a message like that when sin is portrayed in all its hideousness then what more can we do to bring them to Jesus.

People were at work in the congregation and six came to the altar and professed conversion.

Mrs. Law, Mr. Curry and Mr. Law sang a beautiful trio of their own composition that held the attention of the people in wrapt attention to its close.

The morning services abound in interest and great crowds are in attendance and Mr. Law's heart to heart messages are winning their way. This morning he spoke on Christ the Science the Greatest humbug in the world and a large crowd manifested their deep interest by their close attention to the message throughout. The other pastors of the town are seen in the service right along and the evangelist is working not simply to arouse the Methodist church but is preaching and praying for an awakening to stir the town of Ada religiously.

The singing under Mr. Curry could scarcely be better, every one seems ready to leap into the race and do their best. Come out tonight.

THE ONLY WAY

Many Ada Citizens Have Discovered It.

Just what to do when the kidneys are affected is a question that concerns both old and young. Weak kidneys neglected in childhood lead to life-long suffering. People of advanced years, with less vitality, suffer doubly. In youth or age, languor, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys. Doan's Kidney Pills owe their world-wide fame to the fact that they have cured thousands of cases of sick kidneys and cured them permanently. Follow the example of this Ada citizen.

Mrs. A. White, Townsend Ave., and Thirteenth street, Ada, Okla., says: "We have used Doan's Kidney Pills in the family with such good results that I can recommend them highly, although I never used them myself. One of my family had been bothered with backache and weak kidneys. The use of Doan's Kidney Pills brought complete relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

HER FRIEND'S GOOD ADVICE

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cothrum, of this place, "I suffered with terrible pains in my back and head. I had a hollow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief."

A friend of mine advised me to try Cardui, so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited. I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old. Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution.

Cardui has helped a million women back to health and strength. Have you tried it? If not, please do. It may be just what you need.

SENIOR CLASS LEAVES MEMENTO

The graduating class of 1912, East Central State Normal, are leaving as gift to their alma mater a beautiful piece of sculpture.

It has been placed on the left wall of the main corridor and fills a space eight feet long by 27 inches high.

In 1812 Napoleon was expected in Rome, and Thorwaldsen, the famous Danish sculptor, was employed to make a frieze for one of the halls of the Quirinal Palace. Taking the work of Phidias as a model, he produced a magnificent frieze representing the entrance of Alexander into Babylon. This a replica of a part of this famous frieze. The original is now in the National Museum, Copenhagen. The chariot and horsemen standing out in bold relief and the perfect rhythm of the passing pageant all shrouded in soft ivory tints give delight to all who look upon it. The names of the class are tastefully placed on the lower border.

All that pass through the halls of the E. C. S. N. for years to come will be obligated to this class for "a thing of beauty is a joy forever."

This evening the Empress will give three full reels of fine pictures. Rich, the wonderful acrobat will perform his wonderful trapeze act blindfolded. The trapeze is about 80 feet above the sidewalk and in sight of the entire town. A part of the inside program will be a fire eating stunt also by Rich and an exposure of the wonderful can trick which mystified all comers during the past two evenings. Besides this Billie Rey will appear in an entirely new act.

With the Boxers.

Packey McFarland says he expects to clean up a million dollars before he quits the boxing game.

Jim Barry, the Chicago heavy-weight, made a big hit with the fight fans during his stay in Australia.

Al Wolgast will take a long rest as his recent bout with Willie Ritchie convinced him that he was in a weak condition.

A Fortune from Alfalfa.

Guthrie, Ok., May 21.—Though the fact is not generally known, one of the most profitable irrigated farms in Oklahoma is owned by W. H. Dill, a banker of Okemah and republican candidate for state treasurer in 1910. It is located in the North Canadian Valley about ten miles west of town. A dam in the river impounds the water and a large traction engine is used to

pump the water to the flumes, and it is also employed in pulling a gang plow in cultivating the land. An entire section of land is planted to alfalfa. Irrigation causes it to yield four crops a year, whereas it would ordinarily yield two. Last year the yield was a ton per acre, or a total of 2,560 tons for four cuttings. Last year alfalfa brought \$22 per ton and the gross receipts from the tract amounted to about \$56,300.

According to John Fields, editor of the Oklahoma Farm Journal, Custer county has 1,000 more acres of alfalfa than any other county in the state. Hundreds of acres were sown this year and it is growing beautifully. Custer will have its first crop this week, with a prospect of six crops.

Healthy Mothers

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

for all kinds of coal. Our bins are full and we are equipped to execute your orders exactly as given and with little delay. The following prices will interest you:

Dewer Nut, \$4.50; Lump, \$5.50; Highest Grade McAlester Lump, \$6.50; all in ton lots.

Remember if you get 1500 lbs. of lump coal and 500 lbs. of slack for ton you have really only 1500 lbs. of coal as the slack is worthless to you. We would not let you have slack if you wanted it as we need it for our boilers, so be sure and get our prices before you buy.

H. Colbert was in from Franks today with an excellent report of crop prospects. He planted his corn very early and was careful about the kind he used. He states that his crop is about the best looking in that part of the country, and with a favorable season he will early make seventy-five bushels per acre.

Editor W. M. Butler of the Allen Hustler, was an Ada visitor this afternoon. Mr. Butler is always a welcome visitor at Ada, but he seems to be a trifle disappointed in his efforts to get the editor of the News married off, a task to which he set himself when he first came to Pontotoc county.

The DeSota offers a program of three pictures this evening. "The Averted Step," is a touching and dramatic story of the sweat shops and appeals to all with feelings of humanity. "Animated Weekly No. 6" shows the events of a week. The concluding number will be "A Noble Heart."

This afternoon a runaway enlivened things for a few minutes on 12th and Broadway. A team, reported to belong to Jake Wilmoth, ran away somewhere down 12th and dashed around the corner of Broadway. They ran upon the sidewalk in front of the old Commercial hotel, the wheels of the wagon smashing the steps from the front of Plumlee's pressing parlor, and finally bringing up against an electric light pole. One horse was thrown to the sidewalk and slightly injured, but the wagon was scarcely damaged at all, although it was overturned.

This evening the Majestic will show two excellent pictures. The first is a strong drama entitled, "The Pilgrimage." This is an adaption from Heinrich Heine's famous German poem, and was released May 18, being strictly up to date. "In Quarantine" is a comedy that is the hit of the month. It is filled with joy germs that spread a constant contagion of fun. Released May 10. Both pictures brand new and right up to the high standard of the Majestic.

THE MAN WHO FLIRTS WITH DEATH

Harry Rich Creates Sensation by Death Defying Act—Never Touches Liquor or Tobacco.

Harry Rich, the man who flirts with death, has attracted much attention during his three days' engagement at Ada. His trapeze is about 80 feet above the sidewalk, and a single error on his part would mean a terrible death. In view of the wind which has been blowing at every performance, his feats have been all the more difficult. At Muskogee his trapeze was on the top of the new Phoenix building, nine stories in height, and the Muskogee papers say that his nerve was as strong at that dizzy height as on the ground.

Mr. Rich is only twenty-three years of age. He is a fine specimen of physical perfection, and attributes his wonderful strength and nerve to the fact that he has never touched liquor or tobacco in any form, deeming these narcotics highly detrimental to any athlete. He has been training for six years and every muscle responds to his will in a most wonderful manner. For instance, on the trapeze he can perform as well blindfolded as when he can see.

Of course it does not require superhuman strength to act on a trapeze, but when it comes to bending two inch gas pipe over the back of his neck, when it is known that a pressure of 1682 pounds is required to perform the feat, it will be seen that he is not just an ordinary man in strength. Furthermore, he has on each evening given a stronger proof of his strength by supporting a half-ton weight on his chest for a period of ten seconds. He also bends two inch pieces of tool steel in his teeth.

By way of diversion he also shows a wonderful sleight-of-hand trick with an ordinary looking milk can. He is locked up in the can with seven padlocks and then when the can is opened, another man is found in the can and Rich is somewhere else.

Only two others ever tried the high trapeze performance as he has and both of them were killed sometime ago. However he has no apprehension about going the same route.

Tommy Burns to Re-enter Ring.

Edmonton, Alta., May 22.—Tommy Burns will don his fighting togs here tomorrow night and engage in the first ring battle he has had since he lost the championship to Jack Johnson at Sydney, Australia, more than three years ago. His opponent will be Jack Connell. The Edmonton Athletic club has signed the two for a ten-round fight. Burns has been quietly training for some time with the intention, it is said, of going after Sam Langford and some of the other big ones if his bout with Connell indicates that he is able to regain his old-time form. Connell, like Burns, is a Canadian product, though he has done most of his fighting outside the country. Those who have watched him train think well of his abilities and many predict that he will be able to stay the ten rounds with the former champion.

DEMOCRATIC COUNTY COMMITTEE MEETS

This afternoon the democratic county met in pursuance to a call from the chairman and took measures to begin an aggressive campaign throughout the county. The chairman was authorized to appoint a campaign committee of seven that shall have the direction of the campaign in the county during the remainder of the battle of 1912. The committee will be named in two or three days, as soon as the chairman is sure of the material at hand. Steps were also taken to raise funds with which to carry on the fight. The expressions from the committeemen indicates that everything looks bright enough for the democrats, and that the main thing is to maintain an interest that will bring out a full vote.

Listen Friends.

I don't want you to read this unless you have confidence in my word. For two years I suffered from a sore on my shin caused by an ax cut. I tried a great many remedies with no results. At last I went to Gwin & Mays, they sold me a box of "Gwin & Mays' Shin Salve" and the second 25c box cured that sore absolutely. I trust that my experience may help other sufferers.

Yours very truly,

Notice W. O. W.

All members desiring to become members of the Uniform Rank Lodge Team, now being drilled by District Manager Reid will please meet with us at the Dagg's-Little building Wednesday and Friday night. The roll is not yet closed and we would like to have a few more to select from, as we are drilling for the county encampment, August 2 and 3.

We will have ten degree teams here at that time and boys we don't want some other camp to carry off the \$25 silver set, that will be given away for the best camp. Nor do we want some other team to carry off the Uniform Rank Banner, that will be given to the best drilled team, and now is our chance to improve while we have got one of the best instructors in the state with us. J. W. Barron, Clerk.

MEXICAN REVOLUTION THOUGHT NEARING AN END

Washington, May 22.—The end of Orozco's revolution is in sight, according to dispatches received at the War Department today. The flank movement begun four weeks ago and gradually worked out in the last forty-eight hours proved to be just what the best military judges said it would be.

Officers of the general staff here said tonight it only needed now a somewhat larger force to move in from Sonora so as to more effectively

ly cover the insurgents' rear and cut off communication completely to bring the whole movement to a speedy close.

The revolutionists are having great difficulty in getting ammunition and their food supply is being limited to what they can get as they go along, which is not much after two years of devastating revolutionary warfare.

The effectiveness of the campaign made by the Federals can be imagined when it is stated that they practically have Juarez in their power and could take it any time they wish, but

they have refrained from doing so in order that the insurgents might have a base to garrison and hold because of the customhouse there, while at the same time the embargo enforced by the United States prevents arms and ammunition or supplies of any kind passing through to them.

The federals, it is believed find it an advantage to let the insurgents remain in undisturbed possession of the place so long as the United States maintains its present policy.

Major Gen. Leonard Wood, chief of the staff, discussing the situation tonight, said that the whole matter looks as if it could be cleaned up in a short time with a small force to push Orozco's flank a little harder and stop up the holes along the border in Sonora, whence supplies have been getting in.

The following dispatch was received at the War Department this evening from Col. Steever, in command at El Paso:

"Have just returned from Fabens, Tex., opposite Guadalupe, Mexico. Mexican federals from Ojanga attacked and captured San Ignacio and Guadalupe yesterday without a struggle. The federals' advance guard

numbers about 150 under command of Major Sanchez.

"Two hundred rebels set out from Juarez, thirty miles distant, yesterday to attempt the recapture of Guadalupe, but they returned hurriedly two hours later. Have placed a company of infantry and a troop of cavalry at Fabens to prevent possible infractions of the neutrality laws. I do not believe that federals will attack Juarez owing to possible complications with the United States."

GAYNOR IS FOR LAW'S OBEDIENCE

How New York Mayor Broke Up
a Grafting Game.

PERMITS FOR NEWSSTANDS.

Cripples and Women Had Been Forced to "Give Up," but Gaynor Put an End to the Practice—Aldermen Feared to Insist on the Letter of the Law.

THERE is no man in the country who is a greater stickler for obedience to the law than William J. Gaynor, mayor of New York. With him this is the first principle of government.

Yet with all of his profound respect for the law this unconventional mayor is no fanatic about it. When the occasion demands it, through the failure of the letter of the written law to accomplish the desired end, he has no objection to interpreting the spirit of the statute and making a little law of his own. Be it said, likewise, that he makes good laws.

One grafting game which he broke up with keen enjoyment by this novel method concerned the permits for

Photo by J. J. ... Association.
MAYOR GAYNOR AT THE BALL GAME.

newsstands on street corners. Most of these stands—and there are tens of thousands of them in Greater New York—are conducted by cripples or women, generally widows with children to support. Under the city's charter these permits are issued "with the approval of the board of aldermen," which meant that each alderman had the disposition of permits within his district. When Mr. Gaynor demonstrated that he was actually cleaning up the town and abolishing all of the abuses that he could find, these news vendors called on him in shoals. They told him they were compelled to pay their alderman from \$300 to \$500 a year for each stand, in addition to substantial campaign contributions whenever there was an election. This was graft pure and simple, for the law contemplated no charge for such privileges, and it was rich graft, too, as well as miserably mean.

There being no law that would reach the desired end, the mayor proceeded under the broad general law of public policy. When the permit of one old woman ran out he advised her to refuse to pay further tribute to the alderman and issued her a license in his own name. "I have no strictly legal authority for giving you this license," he told her, "but it may prove sufficient. Anyway, we will see what happens."

Then he stated the facts to the president of the borough of Manhattan, who, though opposed to the mayor politically, is an honest man. "Just tip off your bureau of incumbents," he told the borough president, "to wink at this technical violation of the law. Suggest to them that they allow the old lady to stay where she is even though she hasn't a permit from the board of aldermen." The necessary instructions were issued, though not formally nor in writing. Other technically illegal but highly moral permits were issued in the same way.

When the aldermen saw their authority thus flouted and their tremendous revenues cut off they were furious. They threatened all sorts of things. Unquestionably they had the written law on their side, and they could have secured its enforcement if they had made the demand; but, after considering the matter in all of its phases, they ignominiously backed down. They did not dare to fight the mayor on such an issue. So they have lost their graft, and permits for newsstands are now issued from the mayor's office, not because the law so provides, but just because it is right.

Owen Denies Insincerity.

Muskogee, May 21.—"Anyone who says I am not sincere in my efforts on behalf of the people of Oklahoma in the United States senate has not love of good in his heart."

This statement made by Senator Robert L. Owen, in his speech before fifteen hundred people in the Hinton theatre tonight, brought forth marked demonstration. It was the only reference made to opponents who have been attacking his fidelity and honesty in his campaign for re-election.

It was the senator's first speech in Muskogee, during his present campaign. He has lived here for twenty-seven years.

Senator Owen was introduced by Rev. O. E. Goddard, Methodist minister, who paid him a glowing eulogy.

Senator Owen spoke to an enthusiastic audience at Boynton this morning, where he was introduced by J. W. Crawford, pioneer merchant.

At Haskell, where business had been suspended during the afternoon, Senator Owen was introduced to 250 people by Tom J. Way, pioneer cattleman.
